### Wood:

Reclaimed wood

Plywood (*must be FSC certified and formaldehyde free*)

We will need to see FSC certification for any wood products. Acceptable woods include Black Cherry, Beech, Maple, Ash, Eastern Red Cedar, Bamboo. Some are considered more sustainable than others, and it is important to be aware of where wood has been sourced - confirming [FSC certification](#) is essential to ensure it does not contribute to deforestation.

*\*this is not an exhaustive list of materials – please let us know of any others you use which are plastic-free, eco-friendly, and sustainable.*
